

LIBRA EDUCATION

LONDON RESIDENTIAL COURSE

LONDON RESIDENTIAL COURSE

Libra Education is one of the foremost providers of education services in the UK. Through their Residential Course they provide one-to-one and small group tutorials as part of a bespoke course.

COURSE PILLARS

We are dedicated to adding lasting educational value for our students.

Academic Courses

The Libra Residential Course gives students access to the brightest teachers in the country. The courses are designed around each student and so while they are academically demanding they can be accessed by students of all levels.

Learn

On our Residential Course every student has a bespoke course designed around their needs and ability is no blocker.

The common elements all students hold are the drive and determination to achieve their goals. Our tutors plan Oxbridge-style tutorials to help students improve quickly. This flexible course offers students from across the world the opportunity to work hard and to succeed against a range of academic targets.

Students join us for a multitude of reasons:

October

Personal statement writing.

6th Form applications.

English as a foreign language support.

11+/13+ Preparation

February

School application preparation.

Essay prize writing.

Grade boosts.

Common entrance preparation.

English as a foreign language support.

March

End-of-year exam preparation.

Grade boosts.

Common entrance preparation.

English as a foreign language support.

SAMPLE SCHEDULE

Students are kept busy with lessons, activities and relaxed conversation in a homely setting.

The UK is renowned for bringing scholars together and our Residential Course is no different. Our students come from all corners of the globe to work towards specific goals.

Our courses are designed for students who are focused on their studies and determined to improve. Their current level is unimportant as we plan all tutorials around the individual. Any student who is ready to learn is guaranteed to have a good time.

Student stories

Ruth, aged 16

"I study in London during term time so it was very convenient for me to stay in London during my school holiday and receive great tuition."

Ralph, aged 12

"Chris my tutor really helped to build my confidence in English and History."

Sarah, aged 15

"This gave me the perfect boost before my GCSEs. I'll definitely be back next year!"

Craig, aged 12

"I was nervous about my interview for school. I got to do lots of practice that made me feel more relaxed."

Oscar Hardy

Libra Education CEO and Course Director

"Having graduated from the University of Cambridge and Eton College I have experienced first-hand what it is like to study at the top education institutions in the world. I am excited to offer the opportunity for students to work hard and learn from the best on the Libra Residential Course.

Our goal is to give all participants the best leg up to achieve their goals no matter what those goals are. We do this by working to understand our students and by delivering great tutorials with excellent educators".

LIVE THE UK EXPERIENCE

Enjoy freedom and support in a warm and encouraging environment.

Supervisions and Study

When given the right balance of freedom and guidance our students gain confidence and autonomy by attending the Libra Residential Course. We have developed a winning formula when it comes to learning. Using Oxbridge's world-famous supervisions as the basis of our teaching we challenge students in bespoke tutorials that stretch their knowledge and understanding. Students are supported, outside of supervisions, to follow this up with private study to consolidate their learning.

Living at the Heart of the City

The Libra Residential Course is run in the central and safe borough of Fulham, South-West London. It is located next to River Thames just a short journey from the city centre. It is leafy, quiet and the perfect place to take part in focused studies. Participants have their own room as well as communal common rooms in which to relax.

Home from Home

It's important that students feel safe and happy when away from their family. On the Libra Residential Course students stay in a homely environment with a small group of students and a House Supervisor who has extensive experience caring for young people of all ages.

Meals

Meal times on the Libra Residential Course are a communal affair and an important part of the day. Meals are a social occasion and students talk with one another and House Supervisors about anything from politics to television shows and everything in between. Communicating with your peers is an important lesson to learn and something we encourage at every stage of the course.

SUCCESS STORIES

A holiday spent on the Libra Residential Course delivers the results needed to excel.

SCHOOL APPLICATIONS

Anna – October Course

We worked with Anna leading up to her 6th Form applications to Charterhouse and Rugby. As a bright student but suffering from low confidence, Anna was coached outside of a formal classroom setting to reduce the pressure she felt. This interview coaching helped her to shape arguments in a natural and open way that saw her secure places at both schools.

John – May Course

John came to us after making several unsuccessful applications to senior schools here in the UK. We worked with him to understand the crux of the issues he had with his testing; namely a narrow vocabulary and insufficient knowledge of grammar rules. With our help he secured a place at Wellington College.

William – February Course

Whilst academics are vital at all schools the interviews are an increasingly important area of focus for registrars. We supported William through regular mentoring to develop his critical thinking and improve his conversational abilities. He was successful at gaining a place to study at Westminster School.

UNIVERSITY APPLICATIONS

Lucy – February Course

Looking to study medicine at the University of Cambridge Lucy faced a tough challenge. Not only did she need to achieve the required grades but she also needed to make herself stand out in her personal statement against many other strong candidates. We provided her with the demonstrable experience to secure an interview. At the interview stage, Lucy was able to expand on her experience to show a critical understanding of microbiology.

Max – October Course

Max was hoping to study Computer Science. With our support he made an application to the University of Cambridge and achieved a place at Trinity College. We coached him on the specifics on the application process and upon the elements of the test that were the most important.

WHAT'S INCLUDED?

The Libra Residential Course is fully inclusive of all trips and activities.

From the moment students arrive they will be fully looked after and will not need to spend any money. We do recommend however that students bring a little money for personal shopping or gifts that they may wish to purchase.

During the Libra Residential Course the following is included:

- All meals.
- Trips and entrance fees.
- Activities around London.
- Accommodation.
- Tuition.
- 24/7 Pastoral Care.

Course Duration

All courses are flexible in length to accommodate the students' needs.

APPLICATION PROCESS AND REQUIREMENTS

Everything you need to know about how to apply and the academic level of applicants required in order to apply.

1 Academic Assessment

The Libra Residential Course is an academic course that is personalised for each student that we work with. As such there are no minimum academic requirements in order to take part in the course. Instead we assess each student prior to arrival. This allows us to adapt the lessons and maintain the high quality of the course.

2 Assessment Format

For the assessment we take a collaborative approach and work with the student to understand their priorities and developmental needs. Our top consultants hold an online interview with the student to evaluate their level of English and to understand their learning style. We then set subject specific papers and review school reports to make sure that every tutorial is 100% focused from day one.
